PROJECT FLOW CHART

PRE-APPLICATION MEETING

A pre-application meeting is required for all cases. Possible items of discussion may include requirements, citizen participation plan, community and area plans, zoning patterns and trends. The pre-application meeting will include other County agencies such as Transportation, Drainage Review, Flood Control and Environmental Services.

After the meeting and after consulting with staff, the applicant may begin implementing the Citizen Participation Plan.

FILING AN APPLICATION

To submit an application, the following information is required:

- Pre-application meeting, application, and "Property Owner Authorization" forms (if applicable).
- Verification of ownership of the site, such as a recorded deed.
- Application fees for Planning, Drainage Review, and Transportation.
- Photographs of the site and adjacent properties.
- Precise Plan of Development (also known as a Site Plan). A Preliminary Plat may substitute, if applicable.
- Narrative Report, describing the request, justification for the request, property and area conditions, potential impacts, proposed improvements, services, utilities, etc.
- Other information such as building elevations and details, floor plans, sign details, landscape plans, architectural renderings, a drainage report and/or a traffic impact study.
- Citizen Participation Plan, describing the parties contacted by the applicant, how information about the application is disseminated, how inquiries are handled, schedule of completion, etc.

ZONE CHANGE/SUP PROCESS

TECHNICAL ADVISORY COMMITTEE REVIEW

The Technical Advisory Committee (TAC) is composed of representatives of the County's Planning, Transportation, Drainage Review, Flood Control and Environmental Services departments. Other comments may be supplied by representatives from other County departments, fire district, school district, City or Town, homeowner's association, or other interested parties.

After a complete application is submitted and accepted by the Planning Department, staff will forward copies of the application to members of TAC. Staff will then schedule the request for review by TAC (see attached schedule), and notify you of the actual date and time that your request is scheduled.

Staff will provide you with written comments from any reviewing agency unable to attend the meeting.

POST-TAC REVIEW

Depending on the comments received at TAC, the application materials (such as the Site Plan or Narrative) may need revisions. The applicant must submit revised materials, reflecting the TAC comments, to the Planning and Development Department, which will forward the revised materials to the appropriate agencies. Once they are satisfied that the technical requirements have been met (more than one re-submittal may be necessary) and the Citizen Participation Plan has been satisfactorily completed (see Citizen Review Process), the request will be scheduled for public hearing by the Planning and Zoning Commission. Staff will also conduct the 300' mailing, legal ad as well as prepare a staff report. The applicant will be required to post the site. Please note that compliance with comments from TAC and/or staff does not guarantee that the application will be supported or recommended for approval by staff or the Planning and Zoning Commission, or be approved by the Board of Supervisors.

PLANNING AND ZONING COMMISSION

The Planning and Zoning Commission will hold a public hearing for all interested persons wishing to comment on the Zone Change or Special Use Permit. The applicant must attend this meeting, and will be asked to comment on the application, the staff report and/or any comments that are made during the public hearing. The Planning and Zoning Commission will make a

recommendation for approval or denial of the request. Their recommendation may or may not concur with staff's recommendation.

BOARD OF SUPERVISORS

The Zone Change or Special Use Permit request will again be legally advertised prior to a public hearing before the Maricopa County Board of Supervisors. The Board of Supervisors will ultimately vote to approve or deny the request. Their action may or may not concur with the recommendation made by the Planning and Zoning Commission.

POST-BOARD OF SUPERVISOR ACTIVITY

Once approved by the Board of Supervisors, the Zone Change or Special Use Permit becomes effective 31 days after Board action and when any required stipulations are met. The applicant may then apply for a Zoning Clearance and Building Permit as long as the property is in compliance with the Maricopa County Zoning Ordinance.

APPEALS OF ADMINISTRATIVE DECISIONS

In accordance with ARS §11-810 and §11-811, you may appeal any exaction or dedication required by an administrative decision of County staff to a Hearing Officer for their review and determination. For additional information please contact staff.

CITIZEN REVIEW PROCESS GUIDELINES

Purpose

Pursuant to ARS § 11-829, Paragraph B, on May 2, 2001 the Maricopa County Board of Supervisors adopted a Citizen Review Process for Zone Changes and Special Use Permits (Section 305 of the Maricopa County Zoning Ordinance). There are three (3) basic purposes for a Citizen Review Process:

- Notifying citizens of the rezoning *application* and not just the public hearing.
- Informing citizens of the substance of the application.
- Providing citizens an opportunity to express issues or concerns prior to any public hearing regarding the application.

Public participation is an important component of successful planning. Citizens need and deserve ongoing communication regarding projects and issues that affect their communities. Through the Citizen Review Process, Maricopa County demonstrates its commitment to ensuring that applicants pursue early and meaningful citizen input in applications for Zone Changes and Special Use Permits. Such participation will help an applicant resolve concerns early in the process, and promote goodwill between the applicant, County officials, citizens, property owners, and other stakeholders. While the Citizen Review Process may not produce complete consensus regarding specific applications, it will encourage applicants to make sound investment and planning decisions by listening to and, where feasible, addressing the concerns of their neighbors.

Process

The Citizen Review Process has five (5) requirements that are discussed below:

1. Requirement for a Pre-Application Meeting
2. Requirement to develop a Citizen Participation Plan
3. Requirement to notice adjacent property owners upon application
4. Requirement to post properties upon application
5. Requirement to complete a Citizen Participation Results Report

1. Requirement for a Pre-application Meeting / Pre-application Meeting Form

Prior to submitting a formal application, the applicant is required to participate in a pre-application meeting with Planning and Development Department staff. Pre-application meetings allow applicants to become familiar with the planning process, and also enable the applicant to obtain guidance with the requirements of the Citizen Review Process. At the pre-application meeting, the *Citizen Participation Plan* will be discussed between staff and the applicant.

At the pre-application meeting, staff will provide the applicant with a copy of the *pre-application meeting form*. This form is used to verify that the pre-application meeting has occurred. **Please do not discard or misplace this form – it is a required submittal with your application.**

2. Requirement to develop a Citizen Participation Plan

The Citizen Participation Plan discusses the extent and procedure the applicant will take to complete the Citizen Review Process. Staff and the applicant will discuss the extent of the Citizen Participation Plan at the pre-application meeting. At a minimum, the following information should be submitted as a part of the Citizen Participation Plan, using the headings and format shown below:

CITIZEN REVIEW PROCESS GUIDELINES

Title Page

- Include the project name, general location and vicinity map

Parties Affected by Application

- Discuss which residents; property owners, interested parties, political jurisdictions and public agencies may be affected by the application.

Notification and Information Procedures

- Discuss how those interested in and potentially affected by an application will be notified that an application has been made.
- Discuss how those interested and potentially affected parties will be informed of the substance of the change, amendment, or development proposed by the application.

Response Procedures

- Describe how those affected or otherwise interested will be provided an opportunity to discuss the applicant's proposal with the applicant and express any concerns, issues or problems they may have with the proposal in advance of the public hearing.

Schedule for Completion

- Describe the schedule for completion of the Citizen Participation Plan.

Status Procedure

- Describe how the applicant will keep the Planning and Zoning Division informed on the status of their citizen participation efforts.

The level of citizen interest and area involvement will vary depending on the nature of the application and the location of the site. The target area for early notification will be determined through a coordinated effort of the applicant and staff. The Planning Director shall resolve any disputes that may arise while arriving at the target area. At a minimum, the target area of the *Citizen Participation Plan* shall include the following:

- a) real property owners within 300' of the proposed Zone Change or Special Use Permit request;
- b) the head of any homeowners association within 300' of the proposed Zone Change or Special Use Permit request;
- c) other potentially affected citizens in the target area who have requested that they be placed on the routing list maintained by the Planning Department.

Applicants may submit the *Citizen Participation Plan* for review as early as the pre-application meeting, but must submit it with the formal application.

3. *Requirement to Notice Adjacent Property Owners Upon Application, and*
4. *Requirement to Post Properties Upon Application*

The applicant shall send notice (see example notification letter) by first class mail to each real property owner as shown on the last assessment of the property within 300' of the proposed amendment or change. The notice by mail shall include, at a minimum, description of the area of the proposed Zone Change or Special Use Permit, a general explanation of the nature of the proposal, the name of the applicant, and contact information for the applicant.

The applicant shall also post the property (see example in "Sign Specifications") included in the proposed change. The posting shall be in no less than two places with at least one notice for each quarter mile of frontage along perimeter right-of-way so that the notices are visible from the nearest public right-of-way. The postings

CITIZEN REVIEW PROCESS GUIDELINES

shall remain in place for the entire application period. Each notice shall be a minimum of six square feet in area unless combined with the public hearing notices. The posting shall include, at a minimum, a brief description of the area of the the proposed Zone Change or Special Use Permit, a general explanation of the nature of the proposal, the name of the applicant, and contact information for the applicant. **A copy of the notice as well as a signed and notarized "Affidavit for the Citizen Review Process" along with photographic evidence demonstrating proof of posting and a map illustrating posting sites shall be submitted to staff within 30 days of application submittal.**

5. Requirement to Complete a Citizen Participation Results Report

Upon completion of the Citizen Review Process, the applicant must submit an official report on the results. At a minimum, the following information should be submitted as a part of the Citizen Participation Results Report, using the headings and format shown below:

Title Page

- Include the project name, general location and vicinity map.

Details and Techniques Used To Involve the Public

- Include all dates and locations of any and all meetings where citizens were invited to discuss the applicant's proposal.
- Provide the content, dates mailed, and number of mailings, including letters, meeting notices, newsletters and other publications.
- Indicate the location of residents, property owners, and interested parties receiving notices, newsletters or other written materials.
- Indicate the number of people that participated in the process.

Summary of Concerns, Issues and Problems

- Describe the substance of concerns, issues, and problems.
- Describe how the applicant has addressed or intends to address perceived or real concerns, issues, and problems expressed during the process
- Describe perceived or real concerns, issues and problems with which the applicant disagrees, which the applicant cannot address, or which the applicant chooses not to address, including an explanation of the applicant's reasoning.

The *Citizen Participation Results Report* must be submitted and approved prior to scheduling the case for public hearing with the Planning and Zoning Commission and County Board of Supervisors.

1. *Arizona State Statutes* requires that the site posting for public hearings in the unincorporated county “be no less than two (2) places with at least one notice for each quarter mile of frontage along perimeter rights-of-way so that the notices are visible from the nearest public right-of-way.” The applicant can request a map designating the location of posting sites from the assigned planner.
2. The signs must be posted prior to the due date for submitting a signed and notarized Affidavit of Public Hearing Posting and photographs of the posting. However, the applicant can combine the Citizen Review Process posting and Public Hearing posting requirements (in the this scenario, the signs would be posted at the beginning of the application process and updated with the public hearing dates). The CRP affidavit would be submitted within 30 days of application and the Public Hearing affidavit would be submitted prior to scheduling the case for a P&Z hearing.
3. The signs must be maintained and updated with amended information until after the Board of Supervisor’s hearing.
4. The signs must be removed and disposed of within 10 days after the Board of Supervisor’s hearing.
5. You may use a sign vendor of your choice or see attached listing.
6. A signed and notarized “Affidavit of Public Hearing Posting” as well as photographs of the posting and a map illustrating the posting sites must be filed with the Maricopa County Planning and Zoning Division by the applicable date indicated on the Filing Deadlines and Hearing Dates table. Failure to provide such documentation in a timely manner will result in the case not being scheduled for a Planning and Zoning Commission (P & Z) hearing.
7. See “Sign Specifications” for specific sign details.

Planning & Development Department SIGN SPECIFICATIONS

(The example shown below is for a combined
Citizen Review Process & Public Hearing posting)

1. The sign shall be a minimum of 3ft x 3ft in size. If an applicant opts to not combine the CRP and public hearing postings, the CRP sign can be 3ft x 2ft in size.
2. The sign shall be constructed of laminated coroplast, laminated plywood, or other suitable construction material approved by planning staff.
3. The sign shall have a white background with black lettering.
4. The minimum lettering size shall be 1/2 inch for lowercase and 1 inch for upper case. The words "Zoning / Special Use Permit" and "Public Hearing" shall be a minimum of 2 inches in size.
5. The content of the sign shall match the example below and include specific case details.
6. The sign shall be securely fastened to wooden or metal stakes. The applicant is responsible for maintaining the integrity and accuracy of the sign.
7. The height of the sign shall be at least 4 ft from finished grade to top of sign and shall not be obstructed from view.

Planning & Development Department 2008 FILING DEADLINES AND HEARING DATES

TECHNICAL ADVISORY COMMITTEE (TAC)	PLANNING & ZONING COMMISSION (P & Z)			BOARD OF SUPERVISORS (BOS)
TAC meetings are scheduled as needed when cases are submitted and processed. Typically, a TAC meeting is held within 60 days of application; however TAC slots are limited. After a TAC meeting, revisions must be resubmitted through One Stop Shop (OSS).	This deadline refers to written sign off being obtained by all County agencies. A submittal must be received <u>at least three (3) weeks prior to this deadline</u> to allow for review/sign off. Projects <u>WILL NOT be scheduled for a P&Z hearing without all required sign offs.</u>	This deadline refers to the last day an applicant can provide an Affidavit of Posting and Photographs to the assigned Planner. Failure to meet this deadline will likely result in a case not being scheduled for a P&Z hearing. <u>Note:</u> not applicable to some applications.	P&Z meeting/hearing dates. Dates in bold indicate meetings of the Maricopa County Zoning, Infrastructure, Policy, Procedure & Ordinance Review Committee (ZIPPOR), an informal committee where cases are not typically heard.	BOS meeting/hearing dates. These dates typically follow the preceding P&Z date unless the case is continued or the P&Z does not take action. <u>Property owner & MCDOT signed final plat mylars must be received by the Planner at least three (3) weeks prior to a BOS date.</u> <u>Note:</u> the Planner will obtain Assessor/Treasurer signatures.

DRAINAGE REVIEW REQUIREMENTS FOR PRECISE PLAN

A detailed drainage report with respect to hydrology and hydraulics in conjunction with grading, drainage and paving plans will need to be submitted. The final drainage plan needs to be signed and sealed by an Arizona Registered Professional Civil Engineer and should address the following:

1. **Offsite Hydrology** – Need to determine the quantity, the entrance and exit points, and how the flow is to be routed through the site.
2. **Onsite Hydrology** – Need to show how the flows are to be routed to retention basins.
3. **Onsite Retention** – Need to retain water for the 100-year, 2-hour storm for the developed site. Determine volume needed and the size and location of basins.
4. **Onsite Hydraulic Calculations** – Need to show hydraulic analysis for any channels, culverts, storm drains, or street drainage.
5. **Cross Sections** – Need to show perpendicular cross-sections through the site indicating property lines, swales, retention areas, finished floors, and street details.
6. **Finished Floor Elevations** – Need to show finished floor elevation and certification note.
7. **Topography** – Need to show natural and proposed contour elevations or spot elevations.
8. **Dry Wells** – If applicable, need to submit a copy of the dry well registration before issuance of a permit.
9. **Floodplains** – Need to show the delineated floodplain boundaries if the site is within a Federal Emergency Management Agency's (FEMA) special flood hazard area. Will also need to apply for Floodplain Use Permit.
10. **Erosion Setbacks** – For washes and other watercourse channels an erosion setback will need to be determined, which meets Arizona State Standard 5-96.

11. Fill out the following table:

Miles/Acres of Protected Natural Watercourse ¹		
Miles of Improved Watercourse or Storm Drain ²		
Acres of Retention or Detention Areas ³		

¹Miles/Acres of watercourse that is preserved in a natural state.

²Miles of watercourse that is altered by bank stabilization, channelization, and storm drain installation, or grading. Curb and gutter does not qualify as watercourse

³Acres of Retention/Detention to be constructed as drainage infrastructure.

Since complex drainage systems may require more detailed information, a meeting should be arranged with personnel from Drainage Review.

FEE INFORMATION:

\$1,000 + \$200/Acre \$10,000 Maximum

With TAC Hearing – Total & Additional \$75

With Public Meeting – Total & Additional \$75
